

Begin your journey to the slopes at the Ski Club of Ireland Kilternan– we can introduce you to both skiing and snowboarding, help you improve your technique and give you the confidence to advance to the red and black runs.

Are you looking for a new party idea for that birthday or just that party day out?

An activity day out with a difference for your party group, if you are a group of 8 or more then you qualify for our special group rates which you can find [here](#). Group classes take place every weeknight 19.30 to 22.30 and during the day at weekends 11.00 or 15.00 or by special arrangement we can have a time that suits your group. We can cater for all standards of skier in a variety of different lessons. For best enjoyment it is ideal to have everyone at the same standard and max in a group would be 10 children or adults.

Having a birthday party with a group of friends?

We have three different activities to have fun for your party. There is skiing, snowboarding or tubing. Tubing has been a big hit with all age groups, it is simple to do, simple to learn and great fun. Again, it has got the thumbs up as being the “best day out together with family and friends”. We may be able to combine skiing and tubing so as to give one a taste of both. Snowboarding parties have been particularly popular on Sunday evenings for the “20 and 30 somethings”.

What to bring on the day:

- Warm, flexible clothing that does not restrict movement.
- Strong Gloves (ideally padded ski gloves).
- Long, thick socks.
- Long sleeved top.
- Wet weather gear as classes will still proceed if it rains.

The lesson will be for an hour and a half and therefore it is advisable to arrive at least 30 minutes before your lesson begins and if you are a very large group then it would be very helpful to fill out the following forms: Ski Club of Ireland Indemnity/Disclaimer form click [here](#).
